DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Janis K. Fraser on 29 July 2010.

The application has been amended as follows:

Claim 8. An isolated nucleic acid encoding a polypeptide comprising the amino acid sequence of SEQ ID NO: 1.

Claim 13. The nucleic acid of claim 11, wherein the ~~amino acid sequence of the~~ polypeptide comprises the amino acid sequence of SEQ ID NO: 1.

In claim 33, line 2, delete the phrase "an organic cation transporter" and insert therefore – a polypeptide—

Claim 36. An isolated nucleic acid encoding a polypeptide consisting of the amino acid sequence of SEQ ID NO: 1.

Examiner's Comment

The restriction requirement between Group I and claims 33-35 as set forth in Office Actions of 10 January 2006 and 27 September 2007 has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn.** Claims 33-35, directed to a method of screening compounds, are no longer withdrawn from consideration because the claims require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Information Disclosure Statement

2. The information disclosure statements filed 12 May 2010 and 07 June 2010 fail to comply with 37 CFR 1.97(d) because they lack a statement as specified in 37 CFR 1.97(e). They have been placed in the application file, but the information referred to therein has not been considered.
